Susan Seal  
Principal

Dear Student and Parent,

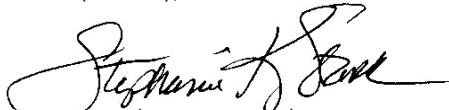

Welcome to Creative Photography 1! This is an exciting class in which the student will learn about the humble beginnings of photography all the way to modern photography. There's a lot to learn in this class, so we will "hit the ground running."

Here is what you will need for this class:

- 1) A can from vegetables or fruit. Please empty contents, wash and dry. Make sure there are no bad edges to keep from cutting yourself. You need this by Thursday, August 23, 2016 for Black Days and Friday, August 24, for Gold Days. 
- 2) You will need your own SD card to capture your photos. I recommend nothing less than 16 gigs. You will save all of your photos on this from class provided cameras. 
- 3) You will need a flash drive of at least 16 gigs to save your work on. You may use your SD Card, but you will need more than 16 gigs if you are going to use the SD Card to store everything. If you choose to use your SD card, you will need to purchase an SD Card Reader. 
- 4) A very positive, "can-do" attitude.
- 5) If you do not have a SLR (single lens reflex digital camera), we have class cameras that you will be able to check out when a project is due or during class. You will need to have a contract signed by you and your parent. It is attached. It is due by Friday, August 24, 2016 for Black Days and Thursday, August 23, for Gold Days.
- 6) Writing utensils (no RED pens) and something to take notes on.

I look forward to teaching you! If you have any questions, please do not hesitate to ask!

Respectfully,

Ms. Stephanie Kay Stark, BFA  
Treasure Coast High School  
Photography Instructor  
Yearbook/Newspaper Adviser
